1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 6, line 1, changed "The blank" to –The holder--.

2. The following is an examiner's statement of reasons for allowance: prior art of record fails to show or fairly suggest a holder having the combination as claimed including a pair of recesses die-punch formed into the lower surface of the base to form weakened lines along the lower surface recesses and bunched material lines along the upper surface superposed with respect to the recesses. As disclosed by the invention, the bunched material lines resist and provide tactile feedback so that upwardly over bending where the sidewalls are forcibly crushed against each other is avoided. Such action further avoids potential undesirable creasing of the holder.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chuck Mah whose telephone number is (571)272-7059. The examiner can normally be reached on 5/4-9.
